Objective

Highly motivated self-taught developer with 3 1/2 years of experience, seeking a position as a front-end, back-end, or full-stack developer. Committed to continuous growth and aiming to contribute to the development of successful SAAS projects.

Summary

Proficient self-taught developer experienced in all aspects of web application development. Skilled in hosting back-end Go applications using Raspberry Pi, Nginx, and Cloudflare. Knowledgeable in version control and setting up continuous integration pipelines. Developed a JWT authentication system in a Nuxt application. Seeking opportunities to utilize and expand skills in front-end and back-end development.

Technical Skills

- Languages: HTML, CSS, JavaScript, TypeScript, PHP, Node, Go, SQL
- Frameworks: Vue 3, Nuxt 3, Sveltekit, Svelte, TailwindCSS, Vuetify 3, Fiber, Pinia
- Tools: CypressIO, Github Actions
- Technologies: Git

Education

August 2019 - Present

Self-Taught

- Acquired knowledge and skills through self-guided study, online courses, documentation, and practical projects.
- Path: PHP -> HTML -> CSS -> JavaScript -> React -> Vue 3/Tailwind -> Nuxt 3 -> Sveltekit/Svelte

Projects

Personal Website with JWT Authentication(Nuxt3, Tailwind, Pinia, Cypress)

- Developed a personal website implementing a JWT authentication system.
- Utilized Nuxt 3, TailwindCSS, and Pinia for efficient development.
- GitHub Repository: <https://github.com/mikespinks0401/devSite>

WordPress Site Redesign and Optimzation(Wordpress)

- Redesigned a WordPress site and improved its speed by implementing W3 Total Cache.
- Implemented custom functionality using plain JavaScript.
- Resolved issues related to Cloudflare turnstile reCAPTCHA integration with plugins.
- Website: www.dedicatedtoyourfreight.com

Rest API Country Listing Web Application (Nuxt 3)

- Created a Nuxt 3 web app that displays a list of all countries and provides detailed information when clicked.
- Demonstrated proficiency in working with APIs and data handling.
- Website: <https://mikespinks0401.github.io/project-restApi-countries/>

Additional Skills

- Strong problem-solving and debugging abilities
- Excellent Communication and teamwork skills.
- Attention to detail and ability to meet deadlines.
