PROFESSIONAL EXPERIENCE

U.S. Navy (San Diego, CA)   **Nov2009 - Nov2013**

- *BUDs (Basic Underwater Demolition/SEALs Training (SO)*
  - Developed resilience, discipline, and teamwork abilities through challenging exercises and tests.
  - Learned to operate effectively in high-stress and dynamic environments
- *Boatswain Mate (BM)*
  - Demonstrated adaptability and resilience by successfully transitioning from BUD/s training to the role of a Boatswain's Mate.
  - Learned to operate effectively in high-stress and dynamic environments.
  - Developed a strong sense of teamwork and collaboration by working closely with a diverse crew in a high-pressure environment.

Daily Grill (Houston, TX)   **Nov2013 - Feb2020**

- *Waiter/Server*
  - Delivered exceptional customer service by ensuring a positive dining experience for guests.
  - Adapted quickly to changing customer demands and handled multiple tasks efficiently in a fast-paced environment.
  - Developed strong communication skills through interactions with a diverse range of customers and staff members.
  - Practiced attention to detail and accuracy while taking and delivering orders to ensure customers satisfaction.

Self-Employed (Houston, TX)   **Feb2020 - Present**

- *Ebay/Amazon Seller*
  - Successfully managed an online retail business on the platforms Amazon FBA and eBay.
  - Demonstrated entrepreneurial skills by identifying profitable product opportunities and effectively marketing and selling products.
  - Developed excellent organizational and time management skills to efficiently handle inventory, order fulfillment, and customer inquiries.

PROJECTS

- *Fullstackmike.io (SvelteKit, Tailwindcss, Cloudflare)*
  - Developed a portfolio website using SvelteKit and Skeleton.dev, leveraging TailwindCSS for responsive design.
  - Implemented a contact form that utilizes the Zoho API for seamless communication and efficient handling of contact form submissions.
  - Hosted on Cloudflare Pages for reliable performance and scalability
  - Integrated the Cloudflare KV store for efficient data storage and retrieval

- *Dedicatedtoyourfreight.com (Wordpress, Javascript, Apache)*
  - Redesigned a WordPress site and improved its speed by implementing W3 Total Cache
  - Implemented custom functionality using plain JavaScript.
  - Resolved Issues related to Cloudflare turnstile reCAPTCHA integration with a contact form plugin.

- *Rest API Country Listing Web App(Nuxt 3, Vuetify 3)*
  - Created a Nuxt 3 web app that displays a list of all countries and provides detailed information when clicked.
  - Demonstrated proficiency in working with APIs and data handling
  - Resolved Issues related to Cloudflare turnstile reCAPTCHA integration with a contact form plugin

EDUCATION

Self-Taught(Since 2019)

- Learning Path: PHP/MySQL -> HTML -> CSS -> JavaScript -> Git -> React -> Vue 3/Tailwind -> Nuxt 3 -> Cloudflare -> Svelte/SvelteKit
